

Inside MCS America

It was another busy month at MCSA with lots of new ideas. One of the smaller things we did was to create a new bumper sticker based on a suggestion from a member. It's a "little" reminder of perfume toxicity.

Bumper Stickers available for \$4.50 at:

PERFUME KILLS!

The same design is available on a woman's plus size scoop neck t-shirt for \$29.99. This one makes a much bolder statement to the world!

Or, tell it like it is with a license plate frame for \$14.99.
