

# *All I Want for CHRISTMAS*

*the time is near, Christmas is almost here  
it won't be long 'til we hear the caroler's song  
and share the pies and goodies all baking  
the smiles, laughter, and joy for the taking*

*\**

*cheery stockings hung and filled with goodies  
the tree is so bright, awaiting the night  
the decor is shimmering with silver and gold  
children anticipating, both young and old*

*\**

*and it's at this time I search deep inside  
for nothing is above the power of love  
and what i find is what i want for you this year  
that you may live happily, never shed a tear*

*\**

*may the lightness of your heart shine like a star  
shedding your joy for the world to employ  
for it is your beauty you hold deep within  
that I cherish the most and want for my kin*

*Merry Christmas from all of us at  
MCS America!*
